Internship Experience:

Ghana Cocoa Board, Sunyani Branch**Oct, 2020.**

I served as an IT intern at Ghana Cocoa Board, a prestigious governmental organization responsible for cocoa production and regulation.

- Assisted the IT department in troubleshooting hardware and software issues, ensuring the smooth functioning of computer systems.
- Installed and maintained Windows computers, printers, and other peripherals, ensuring optimal performance and user satisfaction.
- Responded to user requests for technical support, providing timely assistance and guiding individuals through basic troubleshooting tasks.
- Contributed to the implementation of software updates, security patches, and system upgrades, enhancing data security and user experience.

Ahantaman Rural Bank**June- Aug, 2019**

- Collaborated with the IT unit of Ahantaman Rural Bank, a leading financial institution in Takoradi, to gain practical experience and contribute to the bank's technology initiatives.
- Assisted in troubleshooting hardware and software issues, providing timely solutions to ensure uninterrupted operations.
- Installed and maintained computer systems, including hardware peripherals, printers, and software upgrades.
- Responded to user requests for technical assistance, delivering prompt support and guidance for IT-related issues.

Ghana Cocoa Board Head Office, Accra**Nov, 2021- Aug, 2022.**

Worked as an IT National Service Personnel at Ghana Cocoa Board's prestigious head office in Accra, supporting the organization's critical technological operations.

- Played a key role in the development and implementation of an advanced attendance software for Ghana Cocoa Board's Accra Head Office.
- Assisted in troubleshooting hardware and software issues, ensuring uninterrupted functionality of computer systems and peripherals.

- Installed and maintained Windows computers, printers, and other hardware devices, ensuring optimal performance and user satisfaction.
- Responded to user inquiries and provided technical support, delivering timely solutions to IT-related issues.
- Actively participated in software update deployments and security patch installations, ensuring the integrity and security of systems.

Professional Experience

Ghana Cocoa Board Head Office, Accra

Sept, 2022 – June, 2023

Employed as an IT Officer at Ghana Cocoa Board's Accra Head Office, specifically assigned to the Farmer's Pension Scheme development project.

- Led a data collection initiative, traveling nationwide to gather information on cocoa farmers for the implementation of the Farmer's Pension Scheme.
- Utilized data collection tools and techniques to efficiently gather accurate information from farmers, ensuring compliance with data protection regulations.
- Collaborated with cross-functional teams to analyze and verify collected data, ensuring its reliability and integrity for subsequent processing.
- Developed and maintained a comprehensive database to store and manage the collected farmer data efficiently.
- Assisted in designing and implementing systems and processes to streamline data collection, storage, and retrieval, optimizing the overall efficiency of the scheme.

Pdek Ghana limited

Dec, 2023 – Jan, 2024.

- I developed a website for a borehole drilling company called pdek Ghana limited.
- Pdek Ghana limited is number one on google search
- The link to the site is www.pdekghanalimited.com
